

Original memo in DOS&T Chrono (PMCB)

NPIC/PSG-118/76
19 October 1976

MEMORANDUM FOR: Chief, Position Management and Compensation Division
THROUGH : Director, National Photographic Interpretation Center *[Signature]*
SUBJECT : Application of Revised Government Printing Wage
Schedule to NPIC Lithographic Services Branch
REFERENCE : Your Memo, dated 5 Oct 76, same subject

1. The Production Services Group, NPIC concurs with your proposed revisions to the Government Printing Wage Schedule. Guidelines and standards based on the GPO are equitable for our printing operations.

2. The position of Chief, Lithographic Services Branch will be converted from GS-13 to GP, based on the Offset Photographer rate and will be entitled Offset Photo Foreman.

3. The number two position in the branch will be Offset Photo Asst Foreman. The individual encumbering this position will be in charge during early morning hours and during times when the branch chief is otherwise engaged. For this reason agreement was reached between of this office and of your office that the two Offset Photo positions would more appropriately be identified in a separate section rather than in the offset stripping section.

4. Formal position descriptions for the new offset photo jobs are being prepared and will be forwarded for your review.

Chief, Production Services Group, NPIC
